

3rd Asia Orthokeratology and Specialty Lens Conference

March 30–31, 2012
Hangzhou Haiwaihai International
Convention & Exhibition Center
Hangzhou, China

The 3rd AOSLC 2012 will highlight cutting-edge advances in all major disciplines of orthokeratology and special lenses. This two-day event will feature recent updates from leading industrial, clinical and academic experts in the field, in the form of lectures and posters. The 3rd AOSLC 2012 will be unique in promoting the clinical application of state-of-the-art orthokeratology and other specialty lenses, combining basic research in contact lenses with patient care. A number of distinguished speakers will be invited to deliver keynote lectures at the conference. It will provide a venue for leading researchers, clinicians, lens designers and other associated professionals to present and exchange the latest important developments in this field. The 3rd AOSLC 2012 will also provide a forum for in-depth assessment of the challenges involved in the dynamic and fast moving fields of orthokeratology and specialty lenses. A small exhibition of orthokeratology and specialty lenses is also available at the conference.

This is an incredible opportunity to showcase your basic research, clinical findings and practice in various fields, covering both pre-clinical and clinical research. Please browse the website www.congress.com.cn/aoslc for detailed information.

We are looking forward to seeing you in beautiful Hangzhou at the 3rd AOSLC 2012.
With best wishes,

Organizing Committee of the 3rd Asia Orthokeratology and Specialty Lens Conference

The Conference will cover the following fields:

- Ortho-k and myopia control: safety and efficacy
- Orthokeratology updates
- Specialty gas permeable lenses for keratoconus and post LASIK
- Correction of high myopia, high astigmatism and presbyopia
- Hygienic contact lens care
- Practice management

Call for Papers

The Organizing Committee invites submission of abstracts for presentation at the Conference. 500-word abstracts (including purposes, methods, result, conclusion) on orthokeratology and specialty lenses are welcomed for submission from Sept. 1 to Dec. 31, 2011 at the website: www.congress.com.cn/aoslc

Organizers

Peiyong Xie, MD, PhD

Professor, President, Department of Optometry, Peking University Health Science Research Center, Beijing China

Fan Lu, MD, OD

Professor, Vice President, Wenzhou Medical College, Executive Dean of School of Ophthalmology and Optometry, Wenzhou Medical College, Wenzhou China

Masao Matsubara, MD, PhD, DMSc

Professor, Department of Ophthalmology, Tokyo Women's Medical University, School of Medicine, Higashi Medical Center, Tokyo Japan

Pauline Cho, PhD, FAAO, FBCLA

Professor, The School of Optometry, The Hong Kong Polytechnic University, Hong Kong

Xiaomei Qu, MD

Professor, Deputy Director, Department of Ophthalmology and Visual Science, Shanghai Medical College of Fudan University, Shanghai China

Invited Speakers

Paul Rose, OD, FNZSCLP

Director of Visique Rose Optometrists, inventor of Rose-K, Hamilton, New Zealand

Pauline Cho, PhD, FAAO, FBCLA

Professor, The School of Optometry, The Hong Kong Polytechnic University, Hong Kong

Helen A. Swarbrick, PhD, Msc, BscOpt

Professor, School of Optometry and Vision Science, University of New South Wales, Sydney Australia

Craig W. Norman, FCLSA

Clinical Professor, Adjunct Clinical Faculty at the Michigan College of Optometry, Ferris State University, Big Rapids, Michigan USA
Director, Contact Lens Section, Department of Ophthalmology at the South Bend Clinic

Masao Matsubara, MD, PhD, DMSc

Professor, Department of Ophthalmology, Tokyo Women's Medical University, School of Medicine, Higashi Medical Center, Tokyo Japan

Choun-Ki Joo, MD, PhD

Professor, Department of Ophthalmology and Visual Science, College of Medicine, The Catholic University of Korea, Seoul Korea

Richard Wu, OD, FAAO, FIACLE, FPCO

Dean of Optometry, AP, Department of Optometry, Central Taiwan University of Science and Technology
Part-time Assistant Professor, Department of Optometry, Chung Shan Medical University, Taiwan

Cary M. Herzberg, OD FOAA

President, International Academy of Orthokeratology
President, Orthokeratology Academy of America, New York USA

Changmin Duan, OD, MD, MS, FOAA

Assistant Clinical Professor, State University of New York, State College of Optometry, New York USA

Stan Isaacs, OD, PhD

President, The Orthokeratology Society of Singapore
President, The Singapore Contact Lens Society, Singapore

Peiyong Xie, MD, PhD

Professor, President, Department of Optometry, Peking University Health Science Research Center, Beijing China

Fan Lu, MD, OD

Professor, Vice President, Wenzhou Medical College
Executive Dean of School of Ophthalmology and Optometry, Wenzhou Medical College, Wenzhou China

Xiaomei Qu

Deputy Director, Department of Ophthalmology and Visual Science, Shanghai Medical College of Fudan University, Shanghai China

Introduction to Hangzhou

Hangzhou is located along the southeast coast of China. It is the capital of Zhejiang Province, the center of politics, economy, science, education, and culture of the province. Hangzhou is also a key tourism city, well known at home and abroad. Its famous scenic spots include West Lake, Tiger-running Spring, Lingyin Monastery and many others. A one-day tour is available at the conference. You can find more information at the website: www.congress.com.cn/aoslc

Links

You will have the opportunity to access the 12th International **Congress Of Ophthalmology and Optometry China (COOC 2012)** that will be held at the same place as AOSLC. COOC is the leading international ophthalmology and optometry congress in China. It has been widely known as the most professional, international and richest academic congress: http://www.cooc.cn/cooc_e/index2.asp
